QUICK START GUIDE

## **REMARK**

Please follow the user manual for correct installation and testing. If there is any doubt please call our tech-supporting and customer center.

Our company applies ourselves to reformation and innovation of our products. No extra notice for any change. The illustration shown here is only for reference. If there is any difference, please take the actual product as the standard.

The product and batteries must be handled separately from household waste. When the product reaches the end of service life and needs to be discarded, please contact the local administrative department and put it in the designated collection points in order to avoid the damage to the environment and human health caused by any disposal. We encourage recycling and reusing the material resources.

# **PACKAGE CONTENTS**

Please make sure the package contains the following items:

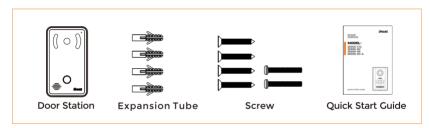

#### MODEL: 280SD-R2

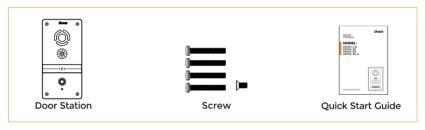

#### MODEL: 280SD-R5

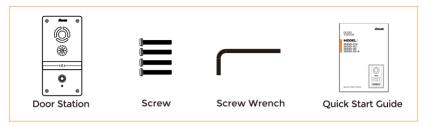

#### MODEL: 280SD-R5-A

### MODEL: 280SD-C12(Surface Mounting)

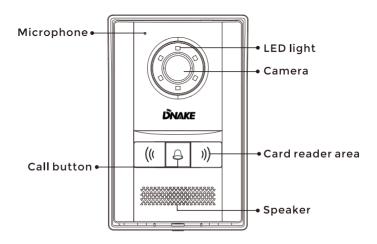

#### MODEL: 280SD-C12(Flush Mounting)

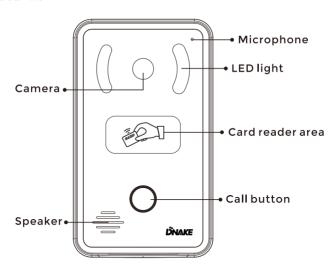

# **PICTURES**

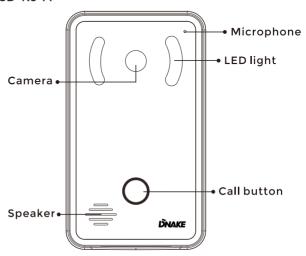

#### MODEL: 280SD-R2

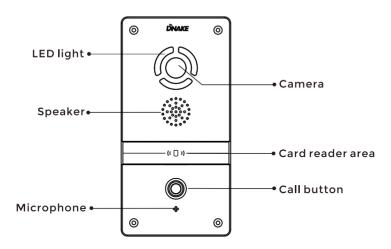

#### MODEL: 280SD-R5

### MODEL: 280SD-R5-A

# **BASIC OPERATION**

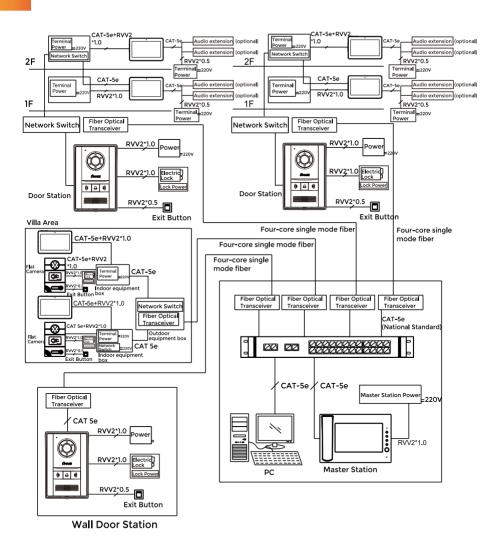

#### 1. Call indoor monitor

In standby mode, press the call button on door station to call indoor monitor. During the call, press the call button on door station again to end the call. If the call fails or indoor monitor is busy, door station will emit a beep.

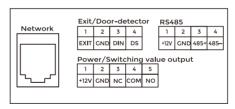

### 2. Unlocking by card

Put the registered IC card on card reader area of the door station. If IC card has been authorized, after unlocking the door by card, the system will issue a voice message that "the door has been opened", otherwise it will emit a beep.
