

Instruction

The tubular motor installs directly within the roller tube, offering a compact, space-saving design. It supports various control methods, including remote control, mobile app. Equipped with a built-in overheating protection device, it prevents damage from excessive heat. Ideal for offices, commercial buildings, and public spaces.

Tubular Motor

Key Features

- AC motor
- Electronic Limit Switch
- Tilting to Adjust Light
- External Zigbee Module
- Remote Control
- Third Limit function
- Easy Installation and Operation

Technical Parameters

- Torque:8 N.m
- Output Speed:19r/min
- Rated Power:155W
- Rated Voltage:230V
- Rated Current:0.68A
- Running Time:4min
- Protection Index:IP44
- Dimension:40x40x525mm
- Maximum Turns:∞
- Net Weight:1.4kg
- Connection:Zigbee
- Pipe diameter:35mm
